Populist and Silver Delegates
Arriving at St. Louis.

The Pop's Promise to Be the Liveli-
est One Ever Held by That Party.

The Fight Will Be Over the Endorsement
of Bryan and Sewall—W. F. St. John is
Selected for Permanent Chairman
of the Silver Convention.

St. Louis, July 18.—Delegates to the two national conventions to be held in St. Louis have begun to arrive in bunches. Arrangements are rapidly being completed, and by Tuesday everything will be in readiness. The populist promises to be the liveliest ever held by that party. There is every indication that the sessions will be stormy from beginning to end. The fight will be over the endorsement of Bryan and Sewall, the democratic nominees.

The "middle of the road" populists will want to put up a ticket of their own, but the rank and file of the party seem to favor endorsing the democratic candidates. There will be a meeting of the executive committee Saturday afternoon at which the temporary organization will be decided upon and the matter of candidates will be taken up, but it is not likely that any statement of the decision of the committee will be made public.

Chairman Taubenschlag returned from Chicago Saturday morning. It is common report here that his visit to Chicago was mainly to confer with Howard Taylor relative to the stand to be taken by the Illinois delegation on the work of the Chicago convention. Sergeant-at-Arms McDowell said Saturday morning that if his information was correct, the delegations from Illinois, Indiana and Ohio would all vote against Bryan and Sewall at the populist convention next week.

About 25 delegates to the populist convention attended a meeting of the St. Louis central committee Friday night and listened to speeches by Owens, of Tennessee, Gistrop, of Colorado, Reid, of Iowa, and others in favor of the "middle of the road" course of action. After the speechmaking the committee held an executive session and adopted the following resolution:

Resolved, That while the plutocratic newspapers, especially democratic newspapers, are publishing brazenly that populist individuals and organizations are endorsing Bryan to such an extent as to indicate that the national convention would probably nominate or endorse Bryan, yet all the information coming from congressional conventions and the people's party press shows plainly that 90 per cent. of the populist voters are in the "middle of the road," and that the convention will nominate none but a populist, and that this committee lend its aid to further that result.

The national silver convention will be held in the Grand Music hall at the exposition building next Wednesday. The opening session will begin about 10 a. m.

Sergeant-at-Arms Dowd has completed arrangements for decorating and adjusting the hall for convention purposes. A number of employees are engaged in fitting it up for the occasion. The telegraph companies strung their wires into the building Friday.

Mr. Dowd said Saturday: "We will have a big convention here, and place in nomination a state and national ticket. There will be fully 1,500 delegates and alternates in attendance. I am unable to say whether the convention will endorse Bryan. There is a strong sentiment in his favor among the members of the silver party."

"I wish it understood that the national silver party will be separate and distinct from the populist convention, which convenes on the same date."

Mr. W. P. St. John, the gentleman slated for permanent chairman of the silver parties convention, drew a salary of \$18,000 a year for 13 years as president of a New York bank. When he gave up the presidency and the salary with it last month, it was claimed that he could have retained both by simply keeping his currency views to himself. Francis P. Newlands, who is to serve as temporary chairman of the Music hall convention, is the only representative of the silver party in the Fifty-fourth congress. His home is in Nevada.

"A Scorcher."

Tobacco Dealers say, that "BATTLE AX" is a "scorcher" because it sells so fast. Tobacco Chewers say, it is a "scorcher" because 5 cents' worth goes so far. It's as good as can be made regardless of cost. The 5 cent piece is almost as large as the other fellows' 10 cent piece.
